

Important roadworks information

A47 Acle, westbound Beighton Road entry slip road closure - drainage and vegetation clearance

I am writing to tell you that we plan to carry out drainage and vegetation clearance work on the A47 westbound, Beighton Road entry slip road. Once complete, the road will be able to better disperse surface water and will be less prone to flooding.

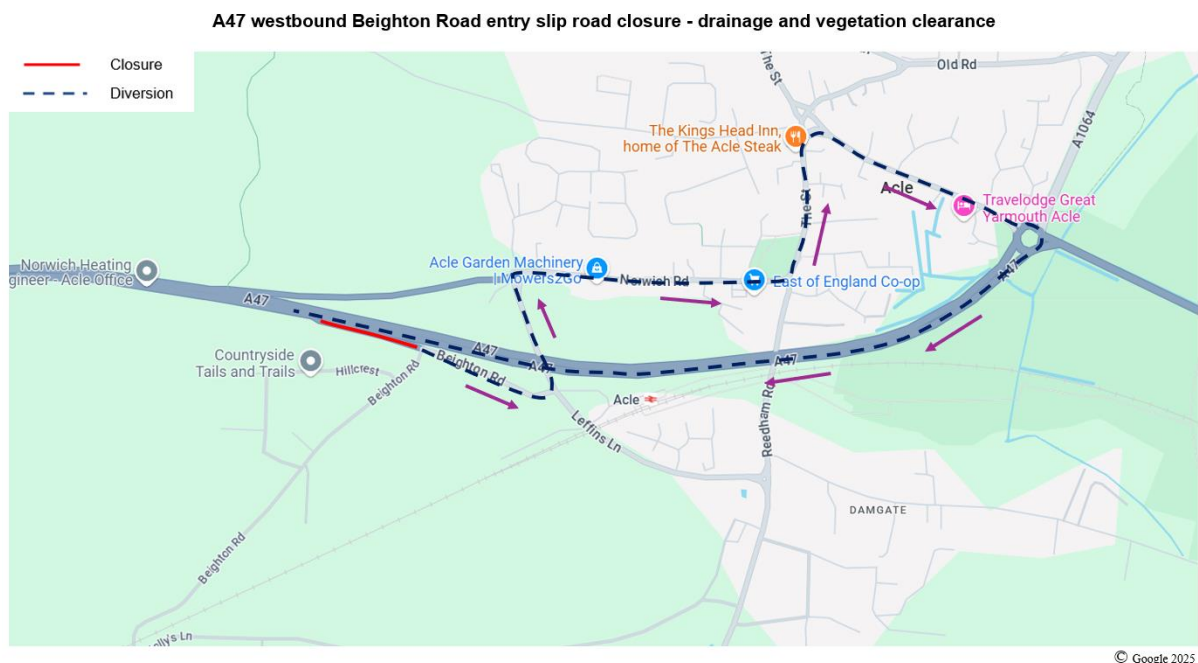

We plan to complete this work over **two** nights between **Thursday 27 February** to **Saturday 1 March 2025**. We will work between **8pm** and **6am**, weather permitting.

Closures and diversions

To carry out the work safely, we will need to close the A47 westbound, Beighton Road entry slip road and divert traffic as follows:

- Traffic will need to head east on Beighton Road.
- Turn right onto Leffins Lane.
- At the roundabout, take the first left exit onto Reedham Road.
- Continue straight onto The Street.
- Follow around the right bend to merge onto New Road.
- At the Acle Roundabout, take the third exit to merge onto the A47 westbound carriageway, where the diversion will end.

A map of the diversion can be found below.
